INDEX TO VOLUME LXXIV

Action of anæsthetics on living protoplasm, L. V. Heilbrunn, 159
Administrative problems of borough organizations, Bradford W. West, xvii
Æsthetic and sociological aspects of city and regional planning, Jacques Grèber, 15
Agassiz, Louis, xxiii
Albright, W. F., The chalcolithic or copper-stone age in the Near East, xv
American Apatemyidæ and the description of a new genus, *Sinclairella*, from the White River Oligocene of South Dakota, A revision of the (Jepsen), 287
American Bacteriologists Society, vii
Anæsthetics on living protoplasm, The action of (Heilbrunn), 159
Apatemyidæ and the description of a new genus, *Sinclairella*, from the White River Oligocene of South Dakota, A revision of the American (Jepsen), 287
Asia, New light on prehistoric man in (MacCurdy), 185
Atlas of New England, The linguistic (Kurath), 227

Beatty papyrus of the Epistles of Paul, Henry A. Sanders, xv
Benedict, Francis G., A simple, rapid basal metabolism measurement for hospital routine, xi
Blakeslee, A. F., A new synthesized pure-breeding chromosome type in the Jimson weed, *Datura stramonium*, xv
Brown, Ernest W., Time and its determination, viii
Bryant, W. L., New fishes from the Triassic of Pennsylvania, xi

Cannon, Annie J., A spectral survey of the nearest galaxy, the large magellanic cloud, xi
Carter, Edward W., Reorganization of the second class township, xvii
Chalcolithic or copper-stone age in the Near East, W. F. Albright, xv
Chromosome structure in *Impatiens*, Prochromosomes and (Smith), 193
City and regional planning, Æsthetic and sociological aspects of (Grèber), 15
Cleland, Ralph E., Cyto-taxonomic studies on certain œnotheras from California, x
Committee on Grants, xii, xvii
Committee on Nominations, viii
Committee on Use of Funds, *vide* Committee on Grants, xii, xvii
Compton, Karl T., xii
Conklin, Edwin G., R. A. F. Penrose, Jr., Memorial Lecture: A generation's progress in the study of evolution, 137
———Committee on Grants—Report, xii, xvii
Conservation and evolution in a changing social program, John C. Merriam, viii
Cordyceps and *Ophiocordyceps* in Michigan, The genera (Mains), 263
Council, Proceedings submitted, xii
Crile, George, Solar radiation, lightening, the azotobacter and protoplasm, xi
Currency, Stabilization of the (Westerfield), 29
Cyto-taxonomic studies on certain œnotheras from California, Ralph E. Cleland, x

Davis, Bradley Moore, What is *Œnothera Hookeri* Torrey and Gray, 245
Delano, Frederic A., The economic implications of national planning, 21
Dixon, Roland B., The long voyages of the Polynesians, 167
Duane, Russell, xxiii
Duggar, B. M., Some physico-chemical properties of the virus of typical tobacco mosaic, x
Duplicate tax assessments, Blake E. Nicholson, xvii
Economic functions of the stock market as a business agency and the proposed National Securities Exchange Act of 1934, S. S. Huebner, 77
Economic implications of national planning, Frederic A. Delano, 21

Evolution, A generation's progress in the study of, The R. A. F. Penrose, Jr., Memorial Lecture (Conklin), 137
Excavations of the University Museum at Minturnæ, Jotham Johnson, xxiii

Factors controlling prices, domestic and international, Ernest Minor Patterson, 63
Fish melanophores, Neurohumors as activating agents for (Parker), 177
French Government, xvii

Genera *Cordyceps* and *Ophiocordyceps* in Michigan, Edwin B. Mains, 263
Generation's progress in the study of evolution, R. A. F. Penrose, Jr., Memorial Lecture, (Conklin), 137
Genetic constitution in relation to pathology, Some aspects of (Gowen), 215
Geomorphic investigations in the Yellowstone Park and Big Horn regions of Wyoming, Douglas Johnson, xi
Government ownership and operation of the railroads, Problems of (Johnson), 103
Governmental aspects of regional planning, Some (Radcliffe), 1
Gowen, John W., Some aspects of genetic constitution in relation to pathology, 215
Gray, What is *Œnothera Hookeri* Torrey and (Davis), 245
Grèber, Jacques, Æsthetic and sociological aspects of city and regional planning, 15
Gregory, William K., A half-century of tritubercuIy, the Cope-Osborn theory of dental evolution, vii

Half-century of tritubercuIy, the Cope-Osborn theory of dental evolution, William K. Gregory, vii
Heilbrunn, L. V., The action of anæsthetics on living protoplasm, 159
Henry, Jules, xvii
Historical Society of Pennsylvania, vii
Hookeri Torrey and Gray, What is *Œnothera* (Davis), 245
Hrdlička, Aleš, Normal variation, 253
Huebner, S. S., Economic functions of the stock market as a business agency and the proposed National Securities Exchange Act of 1934, 77

Impatiens, Prochromosomes and chromosome structure in (Smith), 193
Industrial recovery, Some subjective factors affecting (Wetherill), 129

Jepsen, Glenn L., A revision of the American Apatemyidæ and the description of a new genus, *Sinclairella*, from the White River Oligocene of South Dakota, 287
Johnson, Douglas, Geomorphic investigations in the Yellowstone Park and Big Horn regions of Wyoming, xi
Johnson, Emory R., Problems of government ownership and operation of the railroads, 103
Johnson, Jotham, Excavations of the University Museum at Minturnæ, xxiii

Kurath, Hans, The linguistic atlas of New England, 227

Lafayette Medal, xvii
Laws, revision of, viii, ix
Leland, Waldo G., ix
Lewis, John F., Jr., xxiii
Liberty, property and recovery, James T. Young, 93.
Linguistic atlas of New England, Hans Kurath, 227
Livingston, Burton E., New developments in automatic control of soil moisture in plant cultures, x
Logan, James, vii
Long voyages of the Polynesians, Roland B. Dixon, 167

MacCurdy, George Grant, New light on prehistoric man in Asia, 185
Magellanic Medal, xii
Mains, Edwin B., The genera *Cordyceps* and *Ophiocordyceps* in Michigan, 263
Man in Asia, New light on prehistoric (MacCurdy), 185
Meetings, Minutes of, vii
Melanophores, Neurohumors as activating agents for fish (Parker), 177
Members admitted:
Chinard, Gilbert, xii
Collins, William H., xii
Cook, Gustavus Wynne, xxiii
Dinsmoor, William B., xii
Huntington, Edward V., xii
Jones, Lewis R., xii

Kofoid, Charles A., xii
Livingston, Burton E., ix
Morgan, Marshall S., viii
Murlin, John R., xii
Packard, Francis R., vii
Sanders, Henry A., ix
Wetherill, Samuel Price, xiv
Members deceased:
Britton, Nathaniel Lord, xxii
Cadwalader, John, xxii
Cajal, Ramon y, xxii
Curie, Marie Sklodowska, xxii
Davis, Arthur P., vii
Davis, William M., viii
Gest, John M., xxiii
Gilbert, Cass, xxii
Hess, Alfred F., vii
Macallum, Archibald B., ix
Poincaré, Raymond, xxii
Schuster, Sir Arthur, xxii
Shorey, Paul, xxii
Squier, George Owen, ix
Trowbridge, Augustus, ix
Welch, William H., xxii
Wilson, James C., xxii
Members elected:
Bronk, Detlev W., xiii
Cather, Willa, xiii
Cook, Gustavus Wynne, xiii
Cross, Wilbur L., xiii
Gilbert, Cass, xiii
Harkness, Edward S., xiii
Jayne, Horace Howard Furness, xiii
Kidder, Alfred Vincent, xiii
Lowes, John Livingston, xiii
Novy, Frederick, xiii
Read, Conyers, xiii
Reeves, Jesse S., xiv
Roberts, Owen J., xiv
Sarton, George, xiv
Taylor, Deems, xiv
Merriam, John C., Conservation and evolution in a changing social program, viii
Migration into all parts of the world except Australia, The thirty-nine distinct lines of proboscidean descent, and their (Osborn), 273
Miller, John A., xii
Millikan, Robert A., xvi
Minerals, The University of Michigan collections of antarctic rocks and (Stewart), 311
Molecules in stellar atmospheres, Henry Norris Russell, xi
Morris, Roland S., xii, xvi
Murlin, John R., Some comparative results with a new semi-automatic respiration calorimeter, xi

National planning, The economic implications of (Delano), 21
National Securities Exchange Act of 1934, Economic functions of the stock market as a business agency and the proposed (Huebner), 77
Neurohumors as activating agents for fish melanophores, G. H. Parker, 177
New amplifications of the North American Piperaceæ, William Trelease, x
New developments in automatic control of soil moisture in plant cultures, Burton E. Livingston, x
New England, The linguistic atlas of (Kurath), 227
New fishes from the Triassic of Pennsylvania, W. L. Bryant, xi
New light on prehistoric man in Asia, George Grant MacCurdy, 185
New synthesized pure-breeding chromosome type in the Jimson weed, *Datura stramonium*, A. F. Blakeslee, xv
Nicholson, Blake E., Duplicate tax assessments, xvii
Nominations pending, viii
Normal variation, Aleš Hrdlička, 253
Nuclear physics at the Bartol Research Foundation of the Franklin Institute, W. F. G. Swann, xi

Œnothera Hookeri Torrey and Gray, What is (Davis), 245
Officers elected, xiii
Oligocene of South Dakota, A revision of the American Apatemyidæ and the description of a new genus, *Sinclairella*, from the White River (Jepsen), 287
Ophiocordyceps in Michigan, The genera *Cordyceps* and (Mains), 263
Osborn, Henry Fairfield, The thirty-nine distinct lines of proboscidean descent, and their migration into all parts of the world except Australia, 273

Parker, G. H., Neurohumors as activating agents for fish melanophores, 177
Pathology, Some aspects of genetic constitution in relation to (Gowen), 215
Patterson, Ernest Minor, Factors controlling prices, domestic and international, 63

Pennsylvania Local Government Survey, The progress of the, James T. Young, xvii
Penrose, R. A. F., Jr. Fund, Report of projects sponsored by, xvii
Penrose, the R. A. F., Jr., Memorial Lecture, A generation's progress in the study of evolution, Edwin G. Conklin, 137
Petrography of some rocks from South Victoria Land, Duncan Stewart, Jr., 307
Phillips, Henry M., Prize, xii
Planning, Æsthetic and sociological aspects of city and regional (Grèber), 15
Planning, The economic implications of national (Delano), 21
Planning, Some governmental aspects of regional (Radcliffe), 1
Poincaré, Raymond, xxiii
Polynesians, The long voyages of the (Dixon), 167
Prehistoric man in Asia, New light on (MacCurdy), 185
Prices, domestic and international, Factors controlling (Patterson), 63
Prince, John Dyneley, Turkish remains in modern Belgrade, xv
mentioned, xvi
Problems of government ownership and operation of the railroads, Emory R. Johnson, 103
Proboscidean descent, The thirty-nine distinct lines of . . . and their migration into all parts of the world except Australia (Osborn), 273
Prochromosomes and chromosome structure in *Impatiens*, Frank H. Smith, 193
Properties of catalytic surfaces as revealed by heavy hydrogen, Hugh S. Taylor, x
Property and recovery, Liberty (Young), 93
Protoplasm, The action of anæsthetics on living (Heilbrunn), 159

Radcliffe, George L., Some governmental aspects of regional planning, 1
Railroads, Problems of government ownership and operation of the (Johnson), 103
Recovery, Liberty, property and (Young), 93
Recovery, Some subjective factors affecting industrial (Wetherill), 129
Regional planning, Æsthetic and sociological aspects of city and (Grèber), 15
Regional planning, Some governmental aspects of (Radcliffe), 1
Reorganization of the first class township, Phillip B. Willauer, xvii
Reorganization of the second class township, Edward W. Carter, xvii
Report on the White River fauna, William B. Scott, xi
Revision of the American Apatemyidæ and the description of a new genus, *Sinclairella*, from the White River Oligocene of South Dakota, Glenn L. Jepsen, 287
Rocks and minerals, The University of Michigan collections of antarctic (Stewart), 311
Rocks from South Victoria Land, The petrography of some (Stewart), 307
Russell, Henry Norris, Molecules in stellar atmospheres, xi

Sanders, Henry A., The Beatty papyrus of the epistles of Paul, xv
Scott, William B., The report on the White River fauna, xi
———Report on Philadelphia membership, ix
Securities Exchange Act of 1934, Economic functions of the stock market as a business agency and the proposed National (Huebner), 77
Simple, rapid basal metabolism measurement for hospital routine, Francis G. Benedict, xi
Sinclairella, from the White River Oligocene of South Dakota, A revision of the American Apatemyidæ and the description of a new genus (Jepsen), 287
Smith, Frank H., Prochromosomes and chromosome structure in *Impatiens*, 193
Society of American Bacteriologists, vii
Sociological aspects of city and regional planning, Æsthetic and (Grèber), 15
Solar radiation, lightening, the azotobacter and protoplasm, George Crile, xi
Some aspects of genetic constitution in relation to pathology, John W. Gowen, 215
Some comparative results with a new semi-automatic respiration calorimeter, John R. Murlin, xi

Some governmental aspects of regional planning, George L. Radcliffe, 1
Some physico-chemical properties of the virus of typical tobacco mosaic, B. M. Duggar, x
Some subjective factors affecting industrial recovery, Samuel Price Wetherill, 129
Spectral survey of the nearest galaxy, the large magellanic cloud, Annie J. Cannon, xi
Stabilization of the currency, Ray B. Westerfield, 29
Stewart, Duncan, Jr., The petrography of some rocks from South Victoria Land, 307
———The University of Michigan collections of antarctic rocks and minerals, 311
Stock market as a business agency and the proposed National Securities Exchange Act of 1934, Economic functions of the (Huebner), 77
Swann, W. F. G., Nuclear physics at the Bartol Research Foundation of the Franklin Institute, xi

Taylor, Hugh S., The properties of catalytic surfaces as revealed by heavy hydrogen, x
Thirty-nine distinct lines of proboscidean descent, and their migration into all parts of the world except Australia, Henry Fairfield Osborn, 273
Time and its determination, Ernest W. Brown, viii
Torrey and Gray, What is *Œnothera Hookeri* (Davis), 245
Trelease, William, New amplifications of the North American Piperaceæ, x
Turkish remains in modern Belgrade, John Dyneley Prince, xv

University of Michigan collections of antarctic rocks and minerals (Stewart), 311

Variation, normal (Hrdlička), 253

West, Bradford W., Administrative problems of borough organizations, xvii
Westerfield, Ray B., Stabilization of the currency, 29
